CULTURAL FEST 2024

The arts day program 'kalah' of IES college of architecture was conducted on January 20th in IES auditorium. A wide range of 'on stage and off stage' programs were conducted which helped our students to show up their talents. The overall prize money was 5000 where elysian S6 got the opportunity to grab this cash prize with their hard work and dedication. By establishing the dominance and having a mind set of never being backwards ,the team arcturus S4 has won the runners up trophy.

Best Outgoing student awarded to Krishnapriya K

Krishnapriya K. was awarded the Best Outgoing Student and Safa Lal was selected academic topper of the batch (guardian received on behalf of student). IESCA extends warm regards and wishes all the outgoing students a bright future

CHRISTMAS CELEBRATION

As the cheerful echoes of jingle bells fade away, we find ourselves reflecting on the wonderful moments shared during our Christmas celebration. This festive season, our IESCA family came together to create memories that will warm our hearts well into the New Year.

IESCA family after christmas celebration

The programs included Santa celebration with band set, cake cutting and Christmas message by Principal, and class wise fashion ramp walk. There were wreath making and card making competitions. S6 class won first place in wreath making and Safa A H of SIS2 secured first in card making competition.

REPUBLIC DAY CELEBRATION

Flag hoisting by P K Mohamed Sr.Vice President, IES Management

Republic Day serves as a reminder of the enduring principles that bind the nation together and inspire its continued growth and development. IESCA too celebrated the day in high spirits with flag hoisting ceremony by Mr P K Mohamed in the presence of Principal and students

Semester 5 : To redevelop the Pavaratty Bus Station considering the existing structure within and traffic issues with a focus on revenue generation. The bus stand is to cater to the need of short (local) buses, along with all the extended facilities for feeder public transportation like parking, auto-rickshaws and taxis stand, shops, comfort station, etc.

Faculty selected portfolio include Ahmed Ibtisam M, Harikrishnan C G (Images followed in page 4) Muhammed Farshad P P, Thomson Biju

Semester 7 : To create a veterinary college campus that promotes excellence in education, research, and animal care. The college will serve as a comprehensive centre for veterinary sciences, providing a conducive environment for teaching, learning, and practical training. The design should prioritise functionality, efficiency, sustainability, and the well-being of both humans and animals.

Faculty selected portfolio include Fathima Sahla (below images), Rahul Shibu, Mohammed Hisham, Habeeba

views of veterinary college from Fathima Sahla's portfolio

Semester 9 : To study the urban characteristics of Coimbatore municipal area and propose suitable interventions with a focus on transit-oriented development. The Design part initially deals with the preparation of Structure plan for the Study area. Vision, aims and objectives were framed after the issue analysis. The proposed structure plan incorporated the solution to the identified issues, proposals and aspects regarding the future growth of the township.

altitude

Altitude 76, hosted by vedavyasa College of Technology on the 15th, 16th, and 17th of December, has thrilled all young minds with its inter college competition of sports arts and design. The event hosted by a handful of students was met with great audience and participants from all colleges, a good lot of students from IESCA participated and attended the same.

IESCA team won the first prize for girls 3s football

Adhnan Bin Abu Rasheed of S8 receiving certificate for the first place in Shot put

IESCA received the cash prize for securing first place in Short film.
